FACULTY

MR. POSLIFF'S MESSAGE

Each year, well in advance of the publication date the editor of the yearbook asks for a few words from me for inclusion in the current issue. It usually requires one or two gentle reminders before that human tendency to procrastinate is overcome and pen touches paper.

It is not a task about which one has any serious misgivings. We have been extremely fortunate over the years in having capable, imaginative, hard-working yearbook editors and assistants. This happy circumstance has resulted in yearbooks of excellent quality; yearbooks of which the school and the student body can be justly proud. The staff this year must be unique. For the first time ever in this school, perhaps in Ontario, it is headed by the past president of the Student Council. I am sure that the same energy which carried her through such a successful year last year is being directed towards the production of a truly quality yearbook.

On behalf of all of those who have purchased this year's book and all of those who will wish they had once it appears, may I thank Janice Hughes, Fred Humphries and all those who have helped them. It's a long year and a lot of work. Please be sure it is appreciated by all of us.

EVEN IN THE QUIETEST OF MOMENTS

This year's prom was held at the Strathroy Country Club on May 10, 1980. Approximately two hundred and fifty people attended and were served a meal of roast beef and turkey. The guests were later entertained by the band Starecase.

The preparation of the prom was organized by Tom McAndrew and Jackie McCann, and the work was done by many students whose help was greatly appreciated. The theme of the prom was "Even In The Quietest Of Moments." The decorations consisted of blue streamers, rented bushes and shrubs, murals, fountains, and pools, and hundreds of silver stars.

The evening went off very well, although, as usual, student council lost money. The loss was taken by council as a non-profit making event for the students.

PRESIDENT'S MESSAGE

For the past nine months the Students Council has been extremely busy in trying to give our fellow students opportunities to enjoy their school life at SDCI, just a little bit more. Through the organization of the many events that were planned, we have gained a substantial amount of experience which will be very valuable in our future endeavors.

Student Council is an important phase of school life and should grow from year to year. I would like to thank everyone on this year's council and those who were not, who helped during the past year. Next year the incoming council are very capable and I hope they are given the same support as we got.

While being president, I had the unique opportunity to work with both the Staff and students. I can now appreciate how important it is that these two groups contribute to extra school activities. I thank all of you for giving so much of your time and encouragement; it will not be forgotten.

To the graduates of 1979-80, I would like to extend sincere wishes of success and good fortune for your future that awaits you. Once again to the staff on behalf of the graduates - thank you.

EDITOR'S MESSAGE

Sitting here, two weeks behind deadline, I draw a blank when it comes to writing my message for the book. What do I say, how do I sum up a whole year in two paragraphs? Many of these thoughts run through my mind, but nothing seems to come out on the paper.

I guess first of all I'd like to explain a bit about our yearbook. This year we have tried to centre around a theme of "A new beginning." This is representative of starting a new decade, as well as being a way of symbolizing the beginning of new experiences ahead for the graduates. Throughout this book we have tried many new ideas. Some of these ideas proved to be very successful. Others, although mistakes have been made, will hopefully pave the way for better ideas next year.

There are many people I would like to thank, whom without their help and support this book would never have been finished. The cover design was done by Gabrielle Nowicki, a grade 13 student. I would like to thank Gabrielle for giving us the exact cover we wanted, when we never really did tell her anything except that we wanted something 'different.' Fred Humphries, our staff advisor, and Fred Cudney, our company representative, deserve a great deal of thanks for always being there to help us, and always giving us their full support. I'd like to thank Brenda VanBree and Brenda Griffith for their help throughout the year. Thanks to David Lockwood, last year's editor, who was always willing to answer my many questions in times of emergency. A special thanks to our school photography club and Adana Studios who provided all the pictures for us this year.

There are two people who deserve the most thanks. These two people have spent all their weekends so far this summer helping to get this book to press. One is my sister, Meribeth, who wasn't even a member of the yearbook staff, but she always managed to end up helping us out. The other person is Tom McAndrew. I really don't know how to thank Tom enough. Most of the time this year there were the two of us working, with all the other members of the staff no where to be seen. He never complained when I gave him a list of 50 things that had to be done, he always just did them, and did them well.

In closing I'd like to thank you the student for buying a yearbook. We've tried to capture as much of your 1979-80 school year as possible within this book. I hope that you enjoy this edition of "Tempus Fugit" and that in years to come it brings back many memories of your year within the walls of S.D.C.I.

A WORD FROM THE GYMNASTS

This team was better all around. The spirit was much better because we all felt like a team. The juniors improved immensely, more than any other year. They mastered some moves that none of the seniors had. We went very far in competition this year. The results, spirit, comrady, all increased. We all had fun and enjoyed gymnastics. We worked hard to end up where we did. Special thanks to Mr. Swanson who volunteered his services. All our love and gratitude to the best coach in all the years of gymnastics, Miss Knight.

One of the highlights of this years team was the contribution of the three captains - Kathy Baker, Gail Dixon, and Jackie McCann. When I came over from Boys Basketball four years ago, these three girls were grade ten juniors. They played a few senior games that year and then three full senior years, and we have not failed to win the conference championships during the career of these girls. They have been instrumental, by their dedication and hard work, in turning around the girls basketball program in this school. They will be missed in Strathroy Basketball circles and especially missed by myself. Coaching young ladies such as these is a sincere pleasure and not just a job!

"To attempt to summarize the athletic achievements throughout the year would be an impossible task, because the year's athletic program was, as usual, top class. Its success is proof of the dedication given by the athletes and their coaches. Without their superb efforts, this school would have very little to cheer about. To all the coaches and athletes: congratulations for an excellent year, and Thank You!"

GOOD LUCK GRADUATES

Franklin Electric of Canada Ltd.

From the Employees and Management of

Franklin Electric

Fractional Horsepower Motors, Gearmotors and Submersible Motors

Franklin Electric. Big enough to serve your needs, small enough to remember your name.

Now we can be a single source for nearly all of your fractional h.p. motor needs. We've added a complete line of motors for use in the heating and air conditioning industry. This new line complements our existing line of standard fractional h.p. motors. And we're still the world's leading producer of submersible motors. We've grown but our philosophy hasn't changed. We will continue to value the virtue of courteous, friendly service as much as we value the quality we put into our products.

FRIENDS

Friendship is the sharing of a dream,
Or maybe just a moment's thoughtfulness,
Between two, passing through the aisle of time,
A smile transmitted in a pressing hour,
Or teardrops in the rain.
So short a time is granted us
To delve into a person's far-off thoughts,
To really sense we know our friends,
That we must catch the glimpses as they come
Before they pass beyond our way.
Friendship is a captured hope
Fresh from a poet's soul,
A simple understanding in the silent hour,
A pleasure in the sunlight,
A hand clasped in the crowd . . .
These are the friendships that are ours.
